Mother's Friend

Not only shortens the time of labor and lessens the intensity of pain, but it greatly diminishes the danger to life of both mother and child and leaves the mother in a condition highly favorable to speedy recovery, and far less liable to Floeding, Convulsions and other alarming symptoms incident to slow or painful labor. Its wonderful symptoms included to sow of painful labor. Its wonderful officacy in this respect entitles it to be called the Mother's Friend and to be ranked as one of the life-saving remedies of the nine-teenth century.

From the nature of the case,

it will of course be understood that we cannot publish certificates concerning this remedy without wounding the delicacy of the writers. Yet we have hundreds of such testimonials

the Crucible.

About twenty years ago I discovered a little sore on my cheek, and the doctors prosounced it cancer. I have tried a number of physicians, but without receiving any permanent benefit. Among the number were one or two specialists. The medicine they applied was like fire to the sore, causing intense pain. I saw a statement in the papers teiling what S. S. S. had done for others similarly afflicted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was healing up. My general health had been bad for two or three years-I had a hacking cough and spit blood contin ually. I had a severe pain in my breast. After taking six bottles of S. S. my cough left me and I grew stouter than I had been for several years. My cancer has healed over all but a little spot about the size of a half dime, and it is rapidly disappearing. I would advise every one with cancer to give S. S. S. a fair trial. Mrs. NANCY J. McCONAUGHEY, Ashe Grove, Tippecance Co., Ind. Swift's Specific is entirely vegetable, and seems to care cancers by forcing out the impa-gities from the blood. Troatise on Blood and Skin Diseases mailed free.
